

YARD is offering a connected events calendar for free which allows you to discover or publish business events.

Example: Fintech Events Worldwide

<https://www.yard.global/events/?mode=list&topic=fintech>

The [YARD Calendar](#) can be integrated in a website for free with just one line of code and customized to your needs .

Anyone can [add a missing event](#) and thus let others know about events they didn't find before. Example integration: <https://fintech-consult.com/events>

Reach out to team@yard.global if you are interested how it works or [simply test the calendar](#).

Simple. Smart. Yours.
